WARNING: International Roaming is available to credit approved customers on request. International Roaming is very expensive for all types of calls, messaging and data. If you are concerned about the cost of International Roaming, you should not enable this service and enquire about a local service in the country in which you are travelling. Customers who use International Roaming should be particularly careful about data roaming costs. Unless required, you should ensure data roaming is not enabled in your handset. International Roaming call charges normally take much longer to appear in your account. You should carefully monitor your usage to avoid high bills.

WARNING: Premium Services by their nature are expensive. You can stop specific Premium SMS Services by sending a SMS reply with the word "STOP". You can bar access to all Premium Services at any time by contacting Reward Mobile customer care.
