

Transferring your number to Reward Mobile

Transferring or porting your number to Reward Mobile from another provider is straight forward.

Before transferring your mobile number to Reward Mobile

Do not disconnect your service with your current provider before transferring the number to Reward Mobile – the number needs to be active with your current provider at the time of transfer. You'll be able to use your existing service during transfer process. Once the transfer is complete, your old service will automatically be disconnected.

Will I incur an early termination charge?

When you move your mobile number to Reward Mobile, your current provider will cancel your mobile service with them. You may incur early termination charges with your current provider if you've cancelled your contract early. You may also have to pay any remaining device or accessory payments you have outstanding with that provider. It's a good idea to check with them before placing the order.

What will happen when I request a transfer of my number?

When we receive your request to transfer your number, we'll send a once-off verification code via SMS to the mobile number you wish to port. The code will be sent via SMS from 0480 075 777 with the message

"Your Reward Mobile Port Authorisation code is <6 digit CODE>"

You'll need to SMS us back the code in a reply SMS to allow us to verify it is you. Once we receive your code and match it to your port request we'll begin the porting process.

If you're porting a Prepaid service to Reward Mobile, we'll also need you to:

- Provide us with a matching account name and date of birth. Typically in this porting scenario we don't require your account number, but in some instances it may be requested

If you're porting a Postpaid service to Reward Mobile, we'll also need you to:

- Ensure the name and date of birth on your existing account matches with the information you've provided to us
- Provide us with the correct account number. Make sure you've double checked your account number - if the account number is incorrect, we'll be unable to process the port

Remember: You can find your account number printed on your bill.

Porting Timeframes

Your number will remain active with your existing provider until the port has been finalised. Porting timeframes can vary from provider to provider. Normally, it takes between 15 minutes and 4 hours for the port to be finalised.

What happens if I don't get the SMS verification code?

You can call Reward Mobile's Call Centre on **1300 305 305** to request a new SMS code. If we are unable to confirm your identity via SMS verification (for example, if you've lost your phone) we can undertake an identify verification check by sighting:

- 2 category A identification documents from the list below or
- 1 category A and 2 category B identification documents from the lists below

Please note identification documents must be recent and accurate, and must match the name of the requesting person, and they cannot be expired.

Table 1 – Category A documents

Item	Description of document
1	Australian State or Territory Driver's Licence issued in the name of the customer by a Commonwealth, State or Territory Department or agency.
2	Australian Passport with an expiry date in the future or no more than 2 years in the past.
